PROFESSIONAL SUMMARY

Enthusiastic and career-focused MERN Stack Developer with practical experience in developing full-stack web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in building responsive user interfaces, developing secure RESTful APIs, and managing databases efficiently. Familiar with JWT authentication, Git-based workflows, and Agile development methodologies. Looking for an entry-level software development role to contribute technical skills and continuously learn in a professional environment.

TECHNICAL SKILLS

- Frontend: React.js, Redux, HTML5, CSS3, JavaScript (ES6+), Bootstrap
- Backend: Node.js, Express.js, REST APIs, JWT (JSON Web Tokens), MVC Architecture
- Database: MongoDB
- Tools: Git, GitHub, VS Code, Postman

INTERNSHIP EXPERIENCE

MERN Stack Intern | Ziro Technology, Madurai

Aug 2025 - Jan 2026

- Developed modular, high-performance UI components using React hooks (useState, useEffect, useContext).
- Built and integrated RESTful APIs with Node.js/Express to handle data between frontend and MongoDB.
- Implemented secure JWT Authentication and middleware to protect private routes and user data.
- Utilized Git/GitHub for collaborative development and code reviews in an Agile workflow.

PROJECTS

Billing Dashboard & Invoice Management System (MERN Stack)

- Architected Full-Stack Solution: Developed a comprehensive billing platform using MongoDB, Express, React, and Node.js.
- Security: Integrated JWT-based Authentication and Role-Based Access Control (RBAC) to ensure secure access to financial records.
- Backend Optimization: Designed schemas in MongoDB and optimized complex queries for faster invoice generation.
- Key Features: Search/Filter functionality, real-time invoice calculation, and transaction history tracking.

Company Portfolio Website (React.js)

- Responsive UI: Built a high-conversion company landing page with a mobile-first approach using Bootstrap and CSS3.
- Component Architecture: Created highly reusable UI components (Hero sections, Contact forms) to speed up development.
- Performance & SEO: Optimized image assets and implemented SEO meta tags to improve site visibility and load speed.
- Contact Integration: Integrated a functional contact form with client-side validation and success/error notifications.

EDUCATION

B.E. in Computer Science and Engineering
Mangayarkarasi College of Engineering, Madurai | CGPA: 7.69 | 2021 - 2025
Languages: English, Tamil
